

Financial Offerings for a Day's Labor Cost

The Meditation Centre and the Temple are being renovated and built on the premises that were offered to Venerable Bhikkhu Samādhikusalā. The meditation centre will benefit many now and in the future with the dissemination and practice of Dhamma.

The opportunity of offering a Day's Labor cost is now open to all devotees, allowing them to take wholesome and meritorious action (puñña karma). Due to inflation in the country, this is a much-needed practical contribution at this time.

Please feel free to familiarise yourself with this page and learn how you can partake in this noble endeavour.

Continue with the offering.
